This screenshot shows a mobile app interface for a sign-up page. At the top, there is a status bar with the time 10:23, signal strength, 5.00 Vo LTE, and a battery icon at 97%. Below the status bar is a light blue header area with a 'Back' button. The main content area contains four form fields: 'Username' (text input), 'Email' (text input), 'Password' (password input with a placeholder 'Min. 6 Characters'), and 'Confirm Password' (password input with a placeholder 'Min. 6 Characters'). Below these fields is a blue button labeled 'Submit'. The bottom of the screen shows a standard Android navigation bar with back, home, and recent apps icons.

2. Confirmation

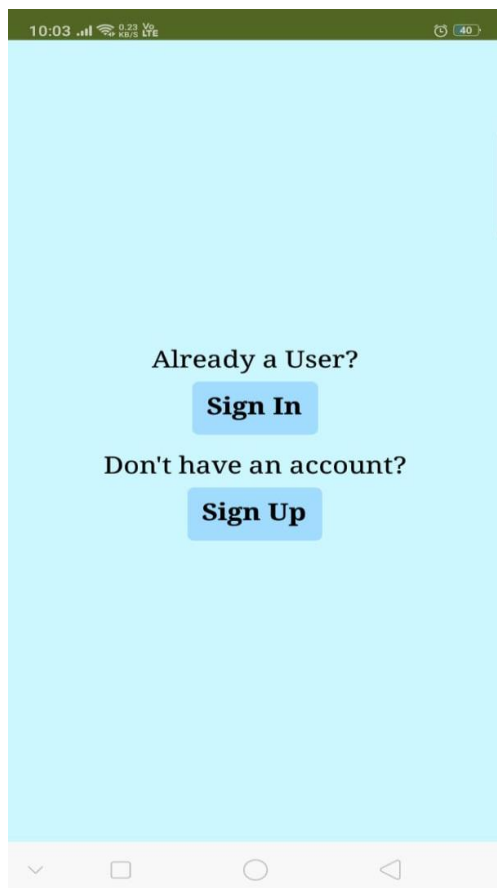

Verification Email will be sent

3. Login

Existing Users can sign -in

A screenshot of a mobile application's login screen. The screen has a light blue background. At the top, there is a dark green status bar with white text showing '10:21', signal strength, '5.00 KB/S LTE', and battery level '37'. Below the status bar, the main content area is light blue. It contains two text labels: 'E-mail' and 'Password', each followed by a white input field. The 'Password' field has a small grey text hint 'Min. 6 Characters' inside it. Below the input fields is a blue button with the word 'Submit' in white. At the bottom of the screen is a white navigation bar with four icons: a downward arrow, a square, a circle, and a left-pointing triangle.
